

SHORELINE LAKE NEWS

May 2011

Sandy Schutte, President

Renate McSween, Vice President

Melanie Oudsema, Treasurer

Diane Carr, Secretary

Melissa Hagen, Director

Cathy Moubray, Director

Doug Elkins, Director

JOHN WATSON, PARK MANAGER

BOARD BRIEFS

The following things were discussed at the May 14, 2011 Board Meeting:

*All seven board members were present along with two (that's right – 2) lot owners.

*Several lot owners have not paid this year's assessment fee and will be reminded that they cannot use the Association's amenities until they have paid.

*The beach rules are being reviewed by two volunteers and additions/changes will be presented at the next meeting.

*New beach signs are in the near future.

*An "expense" template is being created for the park's numerous committees.

*Chloride will be applied before or around June 1.

Lake chemicals will be added when the water reaches 60 degrees. (temperature needed to activate them)

Four board positions will be up for grabs this August at our Annual Meeting.

ACTIVITIES SCHEDULED FOR 2011

Second Annual Golf Outing

Sat., August 20

Annual Meeting

Sun., August 21 - 2 p.m.

THANK YOU!!!!

Bob Downer for the beautiful lighthouse on the island. Check out the beacon at night. It will certainly help weary people find their way home after dark.

Steve and Sue Dues, Bea Gilbert, and John Watson for our beautiful flowerbeds. The park has never looked better!

Everyone who has cleaned up their lots this year inbetween the raindrops and the vicious mosquitoes. No one can accuse us of being inexperienced campers!

GET WELL WISHES...

Helen Meader suffered a minor heart attack this month and spent a few days in the hospital. Bernie vacationed with Tom Roy. Did you see him on the tractor?

Sherrye Elkins is recuperating from having her knee replaced. No 3-legged races for her this year, but I'm sure she'll be out and about on her golf cart!

WITH SYMPATHY...

Debbie George in the loss of her father.

Ray Sawyer in the loss of his mother.

REMINDERS:

The speed limit is 9 mph (5 mph around the beaches) and applies to ALL VEHICLES.

The burn pile in the meadow is for yard waste and other "burnable" stuff. No plastic bags, garbage, metal objects or pretreated wood should be put there.

The dumpsters are for garbage only. Large items take up so much space that we have overflows, and John has to fire up the tractor to smash it down.

We have rules, and most of them were written to ensure your safety and that of others. Please make sure your guests and your children are familiar with the important ones.

Maybe if it stops raining, warms up, and the mosquitoes catch some contagious disease that wipes them all out, it will be a memorable year. Anyone with news to share, please get in touch with me.
